## Professional Experience

---

### Chemistry I & II

- Basic laboratory procedures and data analysis

### Organic Chemistry I & II

- Advanced laboratory procedures and data analysis

### Anatomy & Physiology

- Advanced knowledge and data analysis

## Community Service

---

**Arapahoe Rescue Patrol** **Arapahoe County, CO**

**9News Health Fair** **Denver, CO**

## Summary

---

As I complete my degree in the Fall of 2025, I plan on pursuing my career interests by completing a post-bachelorette work-study program at MSU and subsequently getting certified to be a practicing Medical Laboratory Scientist. I'm excited to also pursue a master's to further my career options and pursue my interests in pathology, immunology, and microbiology. I hope to help companies achieve accurate and fast-paced laboratory testing. I am excited to further my knowledge and skills in the meantime.

### Technical Toolkit:

- **Data Analytics and Management:** Advanced Excel, JASP
- **Laboratory Analysis Tools:** Mass Spectrometer, Infrared Spectroscopy, DigiMelt, PCR, Refractometer
